

English

- We will write adventure stories about pirates and improve our knowledge of different word types – nouns, adjectives and verbs
- We will write instructions for how to find treasure and learn about commands and how to identify different types of sentences.
- We will learn how to use adverbs in sentences to add more detail.
- We will explore some exciting poetry and learn one poem off by heart!

Geography

- We will identify the countries, flags and seas of the United Kingdom on a map.
- We will look at the map of the world and sea where Captain cook travelled
- We will look at the coast of the UK and plot a sailing route around it.
- We will make treasure maps and learn how to use symbols on a key.
- We will learn to use simple compass directions.

Computing

- We will use ICT to research famous sea explorers
- We will use ICT to programme toys to move and change direction.
- We will learn how to make a slide on powerpoint.

Music

In music we will be developing our singing skills. We will be practicing rhythm and singing in tune.

Maths

- We will start off by improving our understanding of numbers up to 100 including the value of each digit.
- We will practice our number bonds of number bonds up to 20.
- We will be improving our addition and subtraction skills and applying them to solve problems.
- We will learn new methods in multiplication and begin to learn our times tables.
- We will be practising counting forwards and backwards in 2s, 5s and 10s.

**Watling
Park School**
LEARN ENJOY SUCCEED

“Land Ahoy!” Year 2

Art and Design

- **Observational drawings of boats learning how to accurately represent what we can see.**
- **Designing a pirate flag learning how to use a range of materials to make a product.**

Design and Technology

- We will construct a vehicle to tow a lifeboat into the sea using tools to measure and cut wood.
- We will design and make a model lighthouse using electrical components.

PSHE

In PSHE we will be thinking about “new beginnings”. We will reflect on the changes at school and our rights and responsibilities in our new school.

Science

- We will investigate the properties of materials. Which will float and which will sink?
- We will explore how much a boat or raft can hold before sinking.
- We will investigate which shapes of plastecine make the best boats.

History

- We will learn about important sea explorers from the past including Captain cook.
- We will use drama to explore what life was like on Captain Cook's boat.
- We will learn about important pirates from the past.

PE

In P.E we will learning games this term.

Religion

In R.E we will looking at different religious symbols and how people show that they belong to different religious groups.
