

Watling Park Primary Sports Premium Funding 2026-2027

Total number of eligible pupils

347

Total amount received

£6240 + 3470 = £9710

What is the Pupil Primary Sport Premium?

The Pupil Premium is funding allocated to schools to support disadvantaged pupils and close the attainment gap. It can be used to fund a variety of interventions and support, including academic tutoring, extracurricular activities, and social-emotional support. The specific spending is determined by the school based on the needs of their students.

Summary of Pupil Sports Premium Funding

Key Objectives for spends

- To improve PE curriculum delivery
- To create long term sustainable changes that benefit pupils beyond the academic year
- To continue to promote and increase the activity levels of all children.
- To provide high quality lessons which are delivered by experienced coaches/staff/experts.
- To develop water safety skills which allow pupils to enjoy swimming/water activities.
- To develop the skills, knowledge and confidence of teachers in the delivery of games, dance and gymnastics through effective CPD opportunities.
- To develop the skills, knowledge and confidence of support staff in the delivery of playground games, through effective CPD opportunities.
- To provide an increased and varied range of extra-curricular sporting enrichment activities to take place after school and during lunchtime.
- To promote a healthy active lifestyle across the school.
- To participate within competitive sports, promoting good sportsmanship.

Record of Key Achievements 2025-2026 year where we received £19,450

Activity/Action	Impact	Objective
Training staff to deliver high quality playground games during lunchtime playtimes	Continued development of high-quality playground games during lunchtime playtimes and as a result, pupils are engaged in a variety of physical activities and improving their social skills and return taking skills.	For next academic year, we will continue to develop the different zones within the playground and MUGA to encourage the children to participate in the games they have been taught. Use pupil voice to highlight the impact of the games.
Increased provision in extra-curricular activities for pupils in receipt of the pupil premium grant so that all vulnerable groups have equal access to additional sports provision on offer to further develop their physical skills.	Clubs have been well attended and enjoyed by children. Increased participation and fitness for those involved.	Maintain this policy over future years to ensure consistent access to sports extra-curricular activities for all pupils in receipt of the pupil premium grant. Increase the percentage of girls attending extracurricular activities.
Participated across a range of Barnet School Games and BPET (intra-trust) football competitions	Through the local schools consortium children took part in different competitions and tournaments	For next academic year, maintain this attendance and increase the percentage of girls attending competitions. Continue to work with the gifted and talented children selected for the competitions to help us achieve better results and sign posts to local organisations/teams.
Participated across a range of BPET (intra-trust) competitions	Pupils attended BPET competitions (football and dodgeball) We achieved satisfactory to good results.	We will continue to work towards the competitions with a view to taking part in the rounder's and cricket tournaments and continue to build on already established inter school relationships.

Installed sensory circuit inside and outside	Children supported through movement breaks to regulate their emotions Children spending less time out of class due to regulation and becoming increasingly successful in their learning.	Explore adding a circuit upstairs to support the KS2 children. Additional training for staff on how can help within the Zones of Regulation.
Year 6 Cuffley Camp trip	Children in year 6 attended a 2 night residential at Cuffley Camp and experienced OAA and team building activities not able to be reproduced in school.	To ensure more children access these activities run as a day trip and host a week's activity camp during school hours within the grounds. Then have a day out at Cuffley for the Rock Climbing / abseiling etc.
Y6 swimming-upon leaving school 32% of children (Cohort of 53 children) can confidently and proficiently swim at least 25 metres 32% of children (Cohort of 53 children) can use a range of different swimming strokes proficiently 26% of children (Cohort of 53 children) can perform self-rescue in different water based situations.	The children are able to learn, know and understand how to be safe in different situations when in or around water.	To ensure that children have an understanding of how to keep themselves safe in around water. Both inside and outside (lakes, rivers and the sea). To be able to swim confidently and proficiently.

Key priorities and Planning 2026 -2027

Activity/Action	Who does this action impact?	Cost	Objectives
