

Primary Sports Premium Grant (PSPG) 2021-2022

Total number of pupils on roll	315 (Yrs. 1 – 6)
Total amount received	£16,000 plus £10 per pupil in Yrs. 1 – 6 = £19,150

Summary of PSPG

Objectives for spend:

- To continue increasing the activity levels of all children.
- To provide high quality lessons which are delivered by experienced coaches/staff/experts.
- To develop water safety skills which allow pupils to enjoy swimming/water activities.
- To develop the skills, knowledge and confidence of teachers in the delivery of games, dance and gymnastics through effective CPD opportunities.
- To provide an increased and varied range of extra-curricular sporting enrichment activities to take place after school and during lunchtime.
- To promote a healthy active lifestyle across the school.
- To participate within competitive sports, promoting good sportsmanship.

Record of proposed spending 2021-2022

Project	Cost	Objective
1. Utilise Super Star Sports coaches for specialised PE sessions.	£7,590	To enrich the core PE curriculum by providing all children with at least 1 lesson per week by a qualified and experienced coach.
2. Delivery of a range of extra-curricular clubs during and after school.		To promote and provide access to a range of sports. To offer additional, free opportunities during the school day (i.e. lunch football and games/netball clubs). To increase the % of pupils accessing/attending extra-curricular afterschool sports clubs.
3. Provide specialised swimming lessons.	£7,900	To ensure all pupils leave school being able to swim and know how to be safe in and around the water.
4. Purchase new sports equipment for use during P.E. lessons focusing on extending the range of sports provided.	£2,500	To ensure high quality resources are available for every child during every PE lesson. To offer a wider range of sports during PE lessons (i.e. Hockey, Tennis and Basketball).
5. Purchase new sports equipment for lunchtimes and playtimes	£1500	To increase pupil activity levels. To promote a range of team focused and high impact sports and activities. To enhance good playground behaviours through active/social games and activities.
6. Access training and resources provided by BPSI (Barnet Partnership for School Improvement) and Trust.	£200	To develop and maintain staff confidence in PE. To provide high quality PE lessons.
7. Teach the importance of a healthy lifestyle across the curriculum.	£300	To promote a healthy active lifestyle. To develop healthy eating approaches through cookery lessons.
8. Attend sport fixtures and competitions provided by Barnet and trust (BPET).	£1,400	To increase participation in competitive sports. To provide further opportunities for G&T pupils. To develop good sportsmanship behaviours.
Total Expenditure:	£21,390	(shortfall will be covered by the school)

Impact 2021-2022

- 100% of children from Reception to Year 5 have access to the sports coach one lesson per week.
- The confidence and development of skills across a range of PE areas has been evident during observations and pupil discussions.
- External companies have provided effective weekly coaching and after school clubs.

- A range of different sports/games timetabled across the week to take place during lunchtime to engage a wider group of pupils. This has seen an uptake in pupils, especially girls, accessing sports.
- All Year 4 pupils attended swimming lessons. Initial assessments showed that the majority had limited swimming experience with most still requiring armbands. By the end of the two-week intensive program, all but one pupil were able to swim independently unaided across a distance of between 5 and 50 metres. Certificates provided to record their achievements.
- The school has invested in a range of new sports equipment including basketball nets and tennis equipment.
- Selected pupils attended BPET tournaments and fixtures – some cancelled due to COVID-19.
- A healthy life style promoted across the curriculum, including within PSHE, Science, and DT.
