Accessibility Plan Sept 23 - Sept 26

Overall Aim

Inclusion is one of our core school values, and we aim to provide equality of access and opportunity for all pupils to the extent that reasonable adjustments can be made to the school's premises and procedures. The school strives to ensure that pupils with disabilities or learning needs are not discriminated against or placed at substantial disadvantage in those areas of school life that are normally accessible to the whole pupil body.

Consultation, Implementation and Review

The accessibility plan has been produced by Watling Park School in consultation with parents, pupils, staff and specialist advisors. The action plan sets out how we plan to:

- **Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided.** This includes improvements to the premises and grounds, taking into account the consideration of reasonable adjustment and any restrictions such as may result from as planning consent or listed building/conservation area status.
- **Increase the extent to which disabled pupils, including those with SEND can participate in the school curriculum.** This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits.
- **Improve the availability of accessible information to disabled pupils and their families.** This covers documentation related to the curriculum, to general school documentation and also information which is normally sent home. Plans adopt a practical approach and take account of the specific disability - details will vary on a case by case basis.

This plan covers a three-year period. It is reviewed annually by the school and monitored BPET's Regulations and Compliance Audits.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the Special Educational Needs and Disability (SEND) Code of Practice, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer. Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

Summary of School Context and Audit:

Watling Park School is a two form entry primary school with an above average number of pupils with SEND (June 23: 17.8% of pupils with SEND) The school has robust systems for supporting pupils with SEND and Medical Conditions, as documented in the SEND policy, SEN information report and Supporting Pupils with Medical needs policy.

The school building is built and designed to be accessible. The school is in one building over two floors. There is wheelchair access to all areas of the building and playgrounds. There is a lift and accessible toilets on each floor with alarm systems. The main entrance features a secure lobby and has been fitted with a low reception hatch, this being fully accessible to wheelchair users. There is a car park that is reserved for blue badge holders only. This car park is next to the school gates with single level paths into the school entrances. The school has internal emergency signage and escape routes are clearly marked.

Improving the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided.						
The school will continue to develop contingency plans for accommodating disabled pupils, parents or staff that may join the school in the future.	<p>The school is accessible for pupils currently on roll adaptations have been made. E.g. handrails on all staircases, shower facility, accessible toilets, lift to first floor.</p> <p>The school is accessible to wheelchair users.</p> <p>We have staff trained in anaphylaxis, epilepsy and diabetes. We are able to access further personalised training when new pupils join.</p>	<ol style="list-style-type: none"> 1. As pupils needs change, consider potential requirements, e.g. moving classrooms to better meet pupils needs. 2. Continue to liaise with parents, nurseries, secondary schools at point of transition to implement any adaptations needed 3. On receiving EHCP placement consultations, consider adaptations and provision requires 4. Premises committee to be informed of pupils 	<p>Finance team</p> <p>Inclusion Team</p> <p>SLT</p>			

		pupil/staff disabilities if changes to premises are required				
The school will continue to develop contingency plans for accommodating pupils with intimate care needs including nappy changing.	<p>The school has an increasing number of children joining who are wearing nappies or still in toilet training.</p> <p>The school has an accessible shower room with a toilet. This is kept as a usable space. However the toilet is an adult sized toilet. There are no nappy changing facilities and children are currently changed on a mat.</p> <p>Hand rail locations have been checked for current pupils on roll.</p> <p>There is an intimate care policy. This includes nappy training protocols. Intimate care plans are written for children who need regular intimate care e.g. nappy changing.</p>	<ol style="list-style-type: none"> 1. Provide equipment to modify adult toilet to be suitable for EYFS pupils (child toilet seat, step. Yearly audit of location of hand rails) 2. Provide changing table (take advice on safest option, explore available funding to support purchase) 3. Provide toilet training protocols for staff. 	<p>Finance team</p> <p>Inclusion Team</p> <p>SLT</p> <p>EYFS Lead</p>			
Access to range of sensory spaces including a low sensory area, calming multi-sensory room and alerting/active multi sensory room.	<p>Calm spaces/low sensory areas allocated in response to individual needs, e.g. workstations in classrooms, access to quiet areas as needed. Sensory tools for individuals e.g. tents, fidget tools.</p> <p>The school has access to break out spaces (studio, DT room,</p>	<ol style="list-style-type: none"> 1. Explore funding channels to separate one of the current rooms into a calming sensory room, an active sensory room with space for soft play and physical activity, and an intervention room or office.</p> <p>4. If viable, bring ideas to finance team for discussion</p> <p>5. If agreed, building quotes, bid for accessibility improvements</p>				
Maintain accessibility of all areas of the EYFS outdoor area	EYFS has single surface classroom to outdoor areas. The outdoor area has grassed areas, tarmac and safety surface. The safety surface needs to be maintained and the grassed area has dropped to be lower than the tarmac.	<p>1. Caretaker to include maintaining the grassed area in works schedule.</p> <p>2. Finance team to ensure upkeep of safety surface is included in works schedule</p>	Finance team SLT			
Increasing the extent to which pupils with disabilities can participate in the curriculum						
Continue to ensure the curriculum and teaching is accessible for all pupils so that pupils with SEND continue	The school has an inclusive approach and systems for supporting pupils with SEND.
